CENTRAL PENNSYLVANIA

SUPPLEMENTAL AGREEMENT

For the Period:

Date of Ratification through July 31, 2028

CENTRAL PENNSYLVANIA SUPPLEMENT

This Supplement to the UPS IBT National Agreement shall apply to all UPS employees working in the classifications set forth in the Wage Schedule and within the jurisdiction of Locals 229, 401, 429, 764, 771, 773, and 776. Except as provided herein, the provisions of the UPS IBT National Agreement shall prevail.

ARTICLE 46—WORK PERFORMED BY SUPERVISORS

The work of Supervisors will not include assignments to work normally performed by employees in the bargaining unit except for the purpose of training, demonstration, safety and the prevention of service failures. The Company will notify the Local Union to include stewards and/or alternate stewards, if available before performing hourly work. Before the Company uses supervisors to perform hourly work, that work will be offered to available employees. The Company will post a list for volunteers to cover unscheduled absences, increased volume and other instances where it would require a supervisor to perform hourly work. Copies of the list will be provided to the Local Unions involved, including updates. Employees who sign the list will be required to be available when called. Employees will be called in seniority order. Calls will be verified by a steward or bargaining unit employee when possible.

Guaranteed hours and overtime provided in Article 50, Section 1 will not apply to this unscheduled work. The Company will notify employees as soon as the need is known. UPS Training programs will be reviewed with the Union. The application of demonstration, training, safety and for the prevention of service failures shall be determined by mutual agreement between the Company and the Local Union. This provision will not be used as a subterfuge for hiring regular Part-time employees.

Violations of this Article, if not resolved by the grievance committee, will be referred to the Supplemental Negotiating Committee.

ARTICLE 47—LEAVE OF ABSENCE

Section 1—Time Off for Union Activities

The Employer agrees to grant the necessary time off, without crimation or the loss of seniority rights without pay, to any employee designated by the Union to attend a labor convention or serve in any capacity on other official business provided, forty-eight (48) hours written notice is given to the Employer by the Union, specifying the length of time off. The Union agrees that, in making its request for time off for Union activities, due consideration shall be given to the number of employees affected in order that there shall be no disruption of the Employer's operation due to lack of available employees.

Section 2—Leave of Absence

Any employee desiring leave of absence from their employment shall secure written permission from both the Union and Employer. The maximum leave of absence shall be for ninety (90) days and may be extended for like periods. Permission for same must be secured from both the Union and Employer. During the period of absence, the employee shall not engage in gainful employment, except as provided in Section 3 below. Failure to comply with this provision shall result in the complete loss of seniority rights for the employees involved. Inability to work because of proven sickness or injury shall not result in the loss of seniority rights.

It is understood that maternity leave for employees shall be granted with no loss of seniority for such period of time as their doctor shall determine that they are physically unable to return to their normal duties.

Section 3

A driver whose driver's license has been revoked is obligated to notify the Company five (5) days prior to the revocation, if possible. If the Company cannot be notified five (5) days prior, it will be reported on the day after the license is revoked.

Upon ratification of this agreement, when a driver's license has been revoked for reasons other than those for which they can be discharged by the Employer, leave shall be granted for such time as their license is revoked, but not to exceed eighteen (18) months. An employee whose driver's license has been revoked, but for not more than eighteen (18) months shall be offered non-driving jobs where such jobs are available at the prevailing rate of pay for the classification of work they perform. Said employee will not be permitted to replace another full-time employee, regardless of seniority, but they may displace the most junior part-time employee in their location or be offered available work before it is assigned to new employees. In the event an employee shall suffer a suspension or revocation of their chauffeur's license because of a succession of local, state, or federal violations, caused by the employee complying with their Employer's instructions to them, the Employer shall provide employment for such employee at not less than their regular earnings at the time of such suspension for the entire period thereof, subject, however, to the seniority and lay-off provisions applicable to them at the time of such suspension. Successions referred to above shall not include any points or citations accrued toward suspension or revocation which are accumulated when the employee is not following Employer's instructions.

An employee who loses their license due to a DUI, and is incarcerated for DUI, will be eligible for a leave of absence not to exceed thirty (30) days on a one-time basis. This may be extended by mutual agreement.

A Union member elected or appointed to serve as a Union official shall be granted a leave of absence during the period of employment in such position, without discrimination or loss of seniority rights, and without pay. Any existing agreements with a Local Union shall be maintained.

ARTICLE 48—SENIORITY

Section 1—Acquisition of Seniority Orientation

(a) All new employees shall be hired on a thirty (30) working days' trial basis and shall work under the provisions of this Agreement, within which time they may be dismissed without protest by the Union; however, the Employer may not layoff, discharge or discipline for the purpose of evading this Agreement or discriminating against Union members. After working thirty (30) days within a ninety (90) consecutive day period, the employee shall be placed on the regular seniority list and their seniority date shall be the first (1st) day worked of the thirty (30) days worked in a ninety (90) consecutive day period. Tractor-trailer drivers hired as replacements for drivers absent shall not acquire seniority under this provision. Replacement Tractor Trailer drivers shall be paid seventy-five percent (75%) of the current Tractor Trailer driver rate.

(b) New hires attendance or orientation meetings not to extend beyond ten (10) days, five (5) days shall not count towards seniority or qualification. People attending inside orientations shall be paid their regular rate of pay. Seniority employees attending NSPT shall be paid the starting rate for package drivers found in Article 41, Section 2 of the National Master Agreement. During orientation actual work performed within the classification will be paid at the appropriate contract rate and count toward seniority.

Section 2

Time worked from November 1 through December 31 of each year, except for mechanics, shall not accrue towards seniority. Any employee who is retained after December 31 or recalled within thirty (30) days after December 31 must work thirty (30) days in a ninety

(90) consecutive day period commencing with the first (1st) day worked after December 31. However, those employees hired prior to November 1 and retained after December 31 or recalled within thirty (30) days will retain credit for the number of days worked prior to November 1. These days retained will count towards the thirty (30) days worked in a ninety (90) consecutive day period commencing with the first (1st) day worked after December 31. November and December shall not be used in computing the ninety (90) consecutive day period. When these employees acquire seniority, they will be placed on the regular seniority list and their date shall be the first (1st) day worked of the thirty (30) days worked in a ninety (90) consecutive day period.

The Employer agrees to provide updated seniority lists to the Local Unions the second full week in March, July, and October of each year. Any controversy over the seniority standing of any employee on the seniority list shall be submitted to the grievance procedure.

Section 3

Seniority, on a Center basis, shall prevail at all times. The application of seniority shall be determined by mutual agreement between the Employer and the Local Union; provided, however, that Employer and Unions agree as follows:

(a) Mergers, Sale or Lease of Operations— While it is not the policy of the Employer to merge, sell, or lease operations, the Employer agrees that should it happen, the seniority of the employees taken over shall be dovetailed with the existing employees, except that if one (1) of the merged, sold, or leased companies is insolvent at the time of the take-over, the employees of the insolvent company will go to the bottom of the list.

(b) Opening and Closing of Centers— Whenever a center is opened or closed or partially closed, the Local Unions involved and the Company will determine the number of jobs to be transferred. The employees affected will be entitled to follow the work. If the number of employees pre-determined to move has not been reached, the remaining employees in the center or classification in the building will be offered the work in seniority order.

Temporary Cover Drivers will be permitted to move to fill any package car jobs not filled by package car drivers in the building from which the work was moved.

All Part-time and full-time employees who transfer will have their seniority dovetailed.

In the event no employee elects to follow the work and it becomes necessary to reduce the workforce, the least senior of the employees shall be laid off first and they shall not be permitted to displace Part-time employees.

All Changes of Operations will be reduced to writing and forwarded to the Joint National Change of Operations Committee.

If any of the parties cannot agree on a Change of Operations, they shall contact the Joint National Change of Operations Committee. A Change of Operations Committee will be established in each Regional Area to resolve any disputes.

(c) All employees who elect to follow the work will have the one-time right to return to their original Center to fill new permanent jobs or vacancies within three (3) years of the date of such transfer and their seniority shall be dovetailed.

Section 4

Seniority shall be broken only by the following:

1. Discharge
2. Voluntary quit
3. Layoff for a period of three (3) years from last date of employment
4. Failure to respond to notice of recall
5. Unauthorized leave of absence or unavailable or failure to report for work for three (3) consecutive work days without satisfactory reason
6. Voluntary retirement

An employee who was removed from their Employer's seniority list because of a total and permanent disability, and who received total and permanent disability benefits from Social Security and/or the Central Pennsylvania Teamsters Pension Fund, and who recovers within a period of three (3) years from the date of their disability as outlined above, and is physically and mentally qualified to perform work of their former position with their Employer, shall be returned to that position or in the classification of work he/ she performed at the beginning of their disability and in the seniority they held at that time.

Section 5 – Reduction of Force

Section 5.1

(a) The Employer agrees to give regular full-time seniority employees two (2) days' notice of intended layoff.

(b) In the event of a layoff, the Employer may recall a laid-off employee for temporary work or as a temporary replacement for another employee in which event the agreed upon notice of layoff as provided in this Section, will not apply to said employee.

(c) When it becomes necessary to reduce the working force, the least senior employee in their classification shall be laid off first, and when the force is again increased, the employees shall be returned to work in the reverse order by classification in which they were laid off, providing they still maintain seniority as described herein. Stewards shall be the last employees to be laid off, and under no circumstances shall they be discriminated against.

In the event a full-time employee is laid off, they shall be allowed to displace the least senior employee in any classification if qualified; however, if they elect to replace a feeder driver, they must be DOT qualified to handle the equipment.

In the event of a layoff in the feeder classification there will be three

(3) moves within the feeder classification to be completed within ten (10) days. Any other employees within this classification who are displaced as a result of these moves will work as assigned.

Section 5.2

After following the reduction of force procedures as outlined above, the following shall apply:

After a layoff, full-time seniority employees may elect to be assigned to displace one (1) or two (2) Part-time employees in the building if any Part-time employees are working in that building. Full-time employees displacing two part-time employees in a hub, shall be entitled to and required to take a meal period between one-half (1/2) and one and one-half (1 1/2) hours at the discretion of the Employer.

In such cases the full-time seniority employees will be offered available hours for one (1) shift and guaranteed eight (8) hours work for two Part-time shifts at the appropriate rate for classification of work performed in addition to all fringe benefits.

Full-time employees who displace Part-time employees as provided in Article 48, Section 5.2 shall receive the top inside Article 22.3 rate of pay.

The provisions of this Section shall not apply:

1. During the first three (3) days of emergencies beyond the Employer's control such as fire, flood, snow storm, power failure, T. O. F. C. delays or;
2. During strikes against UPS or other companies which require are reduction of the workforce.
3. The Company will attempt to schedule sufficient vacations from December 24 of any year through the second (2nd) full week of the following January in order to avoid layoffs. In the event sufficient vacations have not been scheduled, the Local Union and the Company will meet to adjust the vacation schedule. Failing to agree on an adjusted schedule, the matter shall be referred to the General President of the International Brotherhood of Teamsters and the Vice President of Labor Relations for final resolution.

Section 6

The Local Union Representative and the Employer shall mutually agree, in writing, on circumstances under which persons who leave the classification of work covered by this Agreement, but remain in the employ of the Employer in some other capacity, may retain seniority rights upon their return to their original unit. In the absence of such written agreement, such employee shall lose all seniority rights upon leaving.

Section 7—Bidding

(a) Annual Bidding—Full-time Employees

1. In each center a schedule of starting times within each classification shall be posted for bid on the third (3rd) Monday in January and shall remain posted for two (2) weeks.

2. Full-time employees in each classification shall in order of their seniority, have the right to select starting times within their own classification from the scheduled posted. The schedule shall include Day/Twilight and Night/Preload jobs in the current hub operations.

3. There shall be area selection for all full-time package car drivers on the third Monday in January 2024 and every other January for the contractual period of this agreement, which will remain posted for three (3) weeks. Delivery drivers in the order of their seniority shall be permitted the opportunity to select the area of their choice within the center. Training areas will be indicated on the bid sheet. The area selection will be put into effect within ninety (90) days after the area selection list is removed. Full-time Regular Package Cover Drivers and Regular Package Drivers without a bid shall be allowed to select from known available full-week delivery jobs weekly in seniority order. This known work will be bid on the Thursday of the week prior. Any of this work not selected as part of the bid process shall be assigned to available full-time regular package drivers on the Friday of the week prior. If any of this work remains available after the bid/assignment to the full-time drivers as described above, Temporary Cover Drivers shall be allowed to select from the remaining available full-week work in seniority order on Friday of the week prior.

Absent mutual agreement, if the company fails to place the driver on the route within ninety (90) days, the matter shall be referred to the Company and Union Negotiating Chairman at the next regularly scheduled meeting of the C.P.A.P.G.C.

(b) Bidding on Vacancies and New Jobs—Full-time Employees:

1. During the year between the posting of the schedule, employees in the order of their seniority and provided they are qualified, shall have the right to bid on starting times in their own or other classifications.

2. Vacancies or new jobs other than feeders will be posted the first Thursday after five (5) working days of the vacancy, or the first Thursday after five (5) working days of the 30th day of the new job. The bid shall remain posted for five (5) working days as follows: Thursday, Friday, Monday, Tuesday and Wednesday. The job shall be filled within thirty (30) days after the bid is taken down, if a second (2nd) vacancy occurs as a result of filling the first (1st) opening it shall be bid in the same manner as the first. The third (3rd) vacancy, if one occurs, shall be filled by the Employer. Delays in this process shall be brought to the district labor manager. If no satisfactory resolution is reached the issue may immediately be presented to the chairs of the CPAPGC for resolution.

3. When a vacancy or new permanent job occurs in the feeder classification, employees in that classification in order of their seniority within the operating center, shall be permitted to select such a job and the bid will be posted the first Thursday within five (5) working days of the vacancy, or the first Thursday within five (5) working days of the 30th day of the new job. The bid shall remain posted for five (5) working days as follows: Thursday, Friday, Monday, Tuesday, and Wednesday. The job shall be implemented within two (2) weeks after the bid is taken down. If a second (2nd) vacancy occurs as a result of filling the first (1st) opening it shall be filled in the same manner as the first (1st). The third (3rd) vacancy if it occurs shall be filled from the qualified list.

In the event that no eligible employee is available to fill the opening, then qualified Part-time employees will be afforded the oppor-

tunity to fill the full-time vacancy prior to hiring from outside sources. This procedure shall comply with the six (6) for one (1) provisions provided for elsewhere in the Agreement. After successfully qualifying, the employee will be placed on the appropriate full-time seniority listing.

When seniority is violated due to a runaround, the employee will be compensated all hours involved or the trip, whichever is greater.

In the event starting times in the feeder classification are permanently changed by more than one (1) hour the run shall be rebid. The affected employee will choose any starting time they desire in seniority order. If a second (2nd) or third (3rd) move occurs as a result of the first (1st) move, it shall be filled in the same manner as the first (1st). The next employee displaced shall perform available work as assigned.

Semi-annual bidding in feeders shall be conducted in the following manner:

(1) The Company will have all bids ready for selection and for review by the stewards three (3) days prior to the start of the selection process.

(2) Bidding will commence two (2) Mondays prior to the first weekend in April and October of each year.

(3) Each driver will be assigned a day to bid a job in seniority order. List must be posted two (2) weeks before bidding.

(4) Drivers who are off on vacation, personal, sick days or for any reason shall provide the feeder manager a written list of their selections prior to their scheduled day, all exceptions shall be handled by the steward.

(5) A driver who fails to make a selection on their scheduled day shall be bypassed and bidding shall continue. Bypassed drivers may select the next day or later in the process from any remaining open jobs. A driver who fails to bid at all shall be placed by senior-

ity on the Cover List where a Cover List exists or in the absence of a Cover List shall be assigned to an open bid.

(6) A bid day will be from midnight to midnight.

Feeder drivers shall bid start times and destinations. Destination is interpreted to mean the most distant point. The run could consist of multi-point stop-offs. These multi-point stop-offs could deviate on a day-to-day basis or be increased or discontinued without justifying cancellation of the destination bid. If the destination is permanently changed the run shall be rebid. The affected employee will choose any starting time they desire in seniority order. If a second (2nd) or third (3rd) move occurs as a result of the first (1st) move, it shall be filled in the same manner as the first (1st). The next employee displaced shall perform available work as assigned. The Company will make every attempt to bid destinations which include local Trailer Delivery/Pickup and rail yard work. The bids will be reviewed with the Local Unions or Stewards prior to the feeder drivers bidding.

4. Package drivers shall be given the preference to select in their classification in the building, based on seniority, permanent vacancies, or when a permanent new area is established. The change is to be made within thirty (30) days unless extenuating circumstances apply.

In the event of an emergency or possible service delay, the Company may temporarily reassign the driver another area within the center but it is the Company's intention that the cover drivers or junior drivers will cover runs unless desired by a senior employee. Full-time bid package car drivers cannot be forced from their bid route more than seven (7) days per year. Violations of this language shall be presented to the District Labor manager. If no satisfactory resolution is reached the issue may immediately be presented to the chairs of the CPAPGC for resolution. Forced shall not include a mutual agreement or when a bid area is temporarily eliminated.

(a) Package and Feeder drivers shall be permitted two (2) moves in any twelve (12) month period, excluding moves which result in a promotion in job classification.

5. Employees classified as porter or car washer must have worked in their classifications a minimum of thirty (30) days to be eligible to bid on starting times in other classifications.

6. There will be a mutual trial period of thirty (30) days for full-time employees who bid out to driving jobs. Any inside full-time employee who bids out to driving jobs and disqualifies themselves as drivers shall not be eligible to come out again until all other full-time inside employees who have requested have had an opportunity to qualify as drivers.

7. During the year between the posting of the schedule, auto mechanics in the order of their seniority and providing they are qualified, shall have the right to bid on new jobs within their classification.

8. (a) Package car driver training areas will be a maximum of fifteen percent (15%) of the number of areas bid in each center. Below .5 will be rounded down; .5 and above will be rounded up. Such routes may be used for training and qualifying employees to meet the needs of the employer. This includes the training of management employees after exhausting the list of seniority employees interested in being trained as Temporary Cover Drivers. The Company will rotate training through all of the training routes in use to limit the number of times a full-time bid driver is removed from the route for training unless mutually agreed to otherwise between the Steward, Employee and Center Manager.

Temporary Cover Drivers will be worked in seniority order by center according to their first day worked as a Temporary Cover Driver except when an employee is qualifying on a training route. In that instance, the unqualified employee can work ahead of qualified Temporary Cover Drivers so that the unqualified employee will have the ability to work at thirty (30) days in a ninety (90) consecutive day period from the first day the Temporary Cover Driver started to qualify.

Days in November and December will count as qualifying days and days towards the ninety (90) consecutive day period.

(b) In the event starting times in a classification are changed by more than one (1) hour, the job will be rebid. When a package driver's bid area is geographically changed by more than fifty (50) percent, the driver will have the option to choose which portion of the delivery area they will keep, excluding the period of November 1st through January 1st.

(c) If the number of package car jobs or feeder jobs dispatched for thirty (30) days in a forty-five (45) consecutive day period is greater than the total combined number of package car jobs bid or feeder jobs bid the result will be the addition of a new full-time package car job or feeder job or jobs to be posted for bid in accordance with Article 48, Section 7: except that the number of additional jobs dispatched from November 1st through December 31st shall not count towards the calculation of the thirty (30) in forty-five (45) days.

(d) When bid work is not available or when delivery areas or runs are consolidated, discontinued or temporarily suspended for up to thirty (30) days, employees shall perform available work as assigned. But when delivery areas or runs are permanently consolidated or discontinued the employee shall have the right in seniority to select any area or run in the center.

(e) Employees do not have the right to select any specific unit, load, sort or run, except in Section 7(b) 4. When a vacancy or new job occurs in the sorter classification in the hub, pre-qualified package handlers will be afforded the opportunity to fill the job. In order to provide the full-time package handler in the hub the opportunity to move into the sorter classification, when a Part-time sorter vacancy occurs on a shift, the full-time package handler will be afforded the opportunity to fill the Part-time vacancy for that shift at sorter's rate while sorting. The provisions of Article 55, Section 4 will not apply in this circumstance only. Should a subsequent Part-time sorter vacancy in an adjacent shift occur, that package handler sorter employee will be given the sorter job to create the full-time sorter position and will be subject to the provisions of Article 55, Section 4.

(f) The provisions of this Section 7 shall not apply to auto mechanics, maintenance mechanics or clerks, except that the Company will cross-train one (1) mechanic at a time in order to afford that individual the skills to bid on new jobs. Qualified mechanics will be allowed to bid on an annual basis and on any new permanent jobs within their classification.

(g) The Company agrees that Temporary Cover Drivers will be used to cover absences, personal holidays, sick days and vacations. The number of Temporary Cover Drivers will be determined in each center by a review of the absentee record as well as the weekly volume patterns that might require absentee, personal holiday, sick day and vacation coverage. Temporary Cover Driver jobs will be filled by Part-time employees who wish to transfer to full-time driving jobs as outlined in Article 50. After a Temporary Cover Driver completes the thirty (30) day qualification, they cannot disqualify themselves from Temporary Cover driving for eighteen (18) months. A laid-off Temporary Cover Driver may be assigned to displace the least senior Part-time Local Sort/Twilight employee in the center when no cover work is available. A laid-off Temporary Cover Driver shall continue to have the right to displace the least senior Part-time Local Sort/Twilight employee in the center if seniority dictates. Temporary Cover Drivers shall continue to accrue Part-time seniority. Seniority Part-timers shall continue to receive paid for time not worked as a cover driver at their appropriate Part-time wage rate. The application of seniority among Temporary Cover Drivers in a multi-center building will be subject to review by the labor manager and the Local Union. Unresolved issues would be referred to the grievance committee; if not resolved, it will be referred to the negotiating committee for resolution. After ratification, regular temporary package drivers working in excess of one (1) year, either singularly or in combination, covering for a specific person out on either compensation or disability, will in itself create another full-time opening in that classification and will be bid under the appropriate article.

Part-time employees transferring to Temporary Cover Driver positions, whose part-time rate is higher than the TCD start rate will be red-circled at their current rate until such time as the calculated progression rate exceeds that rate.

The first day driving date of a Qualified Temporary Cover Driver shall be the completion date of NSPT and be used for the purpose of bidding to a full-time package driver job.

If a Temporary Cover Driver successfully bids for regular full-time employment, their time as a Temporary Cover Driver will count toward the full-time driver probationary period and wage progression. The Temporary Cover Driver shall have first preference on all new full-time job openings in accordance with Article 50, Section 2.

Full-time benefits will begin when they successfully transfer to seniority full-time status. The Temporary Cover Driver will be guaranteed eight (8) hours when ordered to report to a driving job. The Company agrees to and will maintain the required number of bid delivery runs as required by the Central Pennsylvania Supplemental Agreement Article 48, Section 7(d). The rate of pay will be the starting package driver rate and follow the normal package driver rate progression.

(h) Part-time employees may place their names on a list for Temporary Cover Drivers which the Employer will post for a two (2) week period on the first (1st) Wednesday in January, April, July, and October of each year.

Section 8

The Employer shall maintain individual seniority lists for auto mechanics, maintenance mechanics and clerks in accordance with their respective job classification and they shall be separate and distinct from the seniority list of other employees covered by this Agreement. A clerical employee whose work is affected by computerization and whose job is abolished will dovetail into another classification for which the employee is qualified.

Section 9—Tractor Trailer School

(a) Any qualified employee who is interested in qualifying as a tractor-trailer driver, shall so notify the Employer. Such employees, in the building, in seniority order, will be permitted to attend the Employer training program which will be established periodically. The

training program will consist of one (1) week of non-productive training on the employee's own time, and one (1) week of productive training for which the employee will be paid. As long as there is an interest, the Employer will be required to maintain a qualified list. In Feeder operations with less than twenty-five (25) full-time seniority Feeder drivers, the Employer will not be required to maintain more than one employee on the qualified list. In Feeder operations with from twenty-six (26) to fifty (50) full-time seniority Feeder drivers the Employer will not be required to maintain more than two on the qualified list. In feeder operations with more than fifty-one (51) full-time seniority Feeder drivers the Employer will not be required to maintain more than three on the qualified list. When the qualified list is exhausted, the Employer will be required to train the most senior employee on the list to be qualified within ninety (90) days of the employee supplying the Employer with documentation in order to be trained. A good driving record, the age of 25, and other Employer standards, shall be a prerequisite to such training. Age 25 is primary but in cases where employees are not available at age 25, the Employer may, in certain circumstances, waive that requirement, provided those employees meet all other requirements. The Employer agrees to furnish the instructors and the necessary equipment. If disqualified for any reason, they can attend the school after one (1) year. After successfully completing the tractor-trailer school, employees shall be placed on the qualified list in seniority order. This work will be offered to the qualified list after Feeder cover drivers. Employees on the qualified list must be offered five (5) consecutive days of work and can be worked at a rate of no less than their current bid position. Once an employee who is already qualified signs the qualified list they must stay on the qualified list for a minimum of one (1) year.

After ratification, seniority feeder drivers who are off for a period of one (1) year for either compensation or disability will in itself create another full-time opening in that classification and be bid under the appropriate Article.

(b) Current Tractor Trailer Qualifying School Interest List will be exhausted before subsequent lists are activated. Current lists will specify how many interested employees will be selected from that list before a new list is posted.

(c) To be eligible to sign the Tractor Trailer Qualifying School Interest List, an employee must not have had an accident during the year preceding their bid on or assignment to, a tractor-trailer job.

(d) In the event that no tractor-trailer driver presently in that classification or anyone on the current qualified list elects to fill the opening, the least senior employee on the current qualified list will be required to fill the opening, the resulting vacancy will be filled by the Employer.

(e) After being in the feeder driver classification for two (2) consecutive years an employee may bid into a classification with a lower hourly wage rate when a vacancy or new job occurs, provided the employee is qualified to perform the work. After accepting a job in a lower-paying classification, the employee shall be removed from the qualified list. However, such employee may request to be put back on the qualified list at a later date providing they still meet all necessary requirements.

(f) Cover jobs shall be bid semi-annually in seniority order by employees in the feeder classification. This number will be subject to adjustment as the need for vacation coverage in the classification increases or decreases. Tractor-trailer drivers who bid vacation cover jobs must select such jobs in seniority order each week for the following week. The job of these employees is to cover absences. Any cover driver who does not receive a regular start time for the following week will perform work in the classification as assigned, or be subject to the appropriate layoff article.

ARTICLE 49—UNIFORMS AND PERSONAL APPEARANCE

The job will be awarded to the senior bidding Part-time employee proving they meet the same requirements as applicants for that full-time job. There will be a thirty (30) day working period for all part-time employees who bid full-time jobs during which the part-time employee may elect to go back to their part-time position without loss of seniority. No employee shall be given more than two opportunities to qualify in any one position during the life of this agreement.

Part-time employees successfully transferring to full-time jobs will be considered as newly hired full-time employees and will be added to the appropriate seniority list. Their seniority date will be the day of the transfer.

Except for serious accidents, a driver will not be removed from the payroll during an investigation of an accident. The driver can be assigned to non-driving work during this period. The warning notice, suspension or discharge as herein provided shall not remain in effect for a period of more than nine (9) months from the date of said warning notice, suspension or discharge.
